

Trauma-Informed Care IC OSA Scoring and Graphing Guide

The outline below is used to calculate your scores for each domain of the Organizational Self-Assessment: Adoption of Trauma-Informed Care (OSA). Each person completing the OSA transfers their scores onto this guide and calculates their average score for each domain in the box area. After each box is filled, the score is transferred to the graph on page 2 by placing a dot (circle) by the corresponding number.

DOMAIN 1: Early Screening and Comprehensive Assessment

Standard A _____ Standard B _____ Standard C _____ Standard D _____

Standard E _____ Standard F _____

ADD all 6 scores (TOTAL SCORE) = _____ Divide TOTAL SCORE by 6 =
