NOTE: Arizona's behavioral health services are provided through managed care contracts with Regional Behavioral Health Authorities and their contracted behavioral health providers. Most services are covered on a licensed practitioner basis, rather than on a "CMHC" agency-based basis. Practitioners must affiliate/be credentialed through RBHAs. Exceptions to the practitioner-based coverage include a Community Service Agency, which is a provider of non-licensed behavioral health services. A CSA can provide Psychosocial Rehabilitation behavior management, supervised day programs, respite care, and transportation services, utilizing the following service codes: H0025, H0034, H0038, H2012, H2014, H2025, S5110, S5150, S5151, T1019, T1020. Another exception includes Rural Substance Abuse Transitional Agency, which is licensed by ADHJS, in counties with fewer than 500,000 in population, which provide behavioral health services to an individual who is intoxicated or has a substance abuse problem. Service codes used by RSATAs include H0002, H0025, H0031, H0034, H0038, H2014, H2016, H2017, H2025, H2026, H2027, T1002, T1003, T1019, and T1020. As a result, data included for CMHC's above reflects the coverage for services when provided by licensed practitioners, without regard to CMHC status.

In addition to the procedure codes listed in the first column at left above, Arizona reimburses for the following: S5109, S5150, S5151, S9484, S9485, H2011, H2012, H2015, H2019, H2020, H0036, H0037, H2019, H2020, H0036, H0037, H0043, H0018, H0019, H2033, H2014, H2017, H0025, H0034, H2025, H2026, H2027, T1002, T1003, T1013, T1019, T1020, S5110, H0038, H2016, H0038, S5109. Medical Professionals use CPT codes.
