# About the Center

*In partnership with Health & Human Services (HHS)/Substance Abuse and Mental Health Services Administration (SAMHSA), Health Resources and Services Administration (HRSA).*

## **Goal:**

To promote the planning, and development and of integration of primary and behavioral health care for those with serious mental illness and/or substance use disorders and physical health conditions, whether seen in specialty mental health or primary care safety net provider settings across the country.

## **Purpose:**

- To serve as a national training and technical assistance center on the bidirectional integration of primary and behavioral health care and related workforce development
- To provide technical assistance to PBHCI grantees and entities funded through HRSA to address the health care needs of individuals with mental illnesses, substance use and co-occurring disorders

## **The Center for Integrated Health Solutions is dedicated to increasing the number of:**

- Individuals trained in specific behavioral health related practices
- Organizations using integrated health care service delivery approaches
- Consumers credentialed to provide behavioral health related practices
- Model curriculums developed for bidirectional primary and behavioral health integrated practice
- Health providers trained in the concept of wellness and behavioral health recovery

# Center for Integrated Health Solutions

## Target Populations

- SAMHSA Primary & Behavioral Health Care Integration (PBHCI) Grantees
- HRSA Grantees
- General Public

## Services

- Training and Technical Assistance
- Knowledge Development
- Prevention and Health Promotion/Wellness
- Workforce Development
- Patient Protection and Accountable Care Act Monitoring and Updates

# Technical Assistance Menu

## Individual Technical Assistance:

- Phone consultations, e-mail, site visits

## Group Learning Experiences:

- Learning Communities
- Webinars
- Trainings
- Practical Web-Based Resources (CIHS website, e-newsletter, discussion boards)

## Tools:

- Toolkits/Guidelines
- Training Curricula
- Fact Sheets

# PBHCI Program

## Program purpose:

- To improve the physical health status of people with SMI by supporting communities to coordinate and integrate primary care services into publicly funded community-based behavioral health settings

## Expected outcome:

- Grantees will enter into partnerships to develop or expand their offering of primary healthcare services for people with SMI, resulting in improved health status

## Population of focus:

- Those with SMI served in the public behavioral health system

## Eligible applicants:

- Community behavioral health agencies, in partnership with primary care providers

## SAMHSA PBHCI Grantees
