

January 2016 MAI-CoC Webinar
Step by Step: Strengthening Integration and Moving Along the Continuum with
the Integrated Practice Assessment Tool (IPAT)
Presenter Bio's

Dalveer Kaur
Program Director
Community Counseling and Mediation
Brooklyn, NY

Dalveer is the Program Director of MOCHA at CCM. Prior to joining CCM, she worked on Health Care reform in the UK for five years. Her area of focus has been health care system change to improve the quality of engagement across a wide range of health care settings and developing efficacy for underserved populations, including populations with co-occurring conditions. Dalveer's work has been noted by the National Council on Behavioral Health, and she has been invited to be a panelist for the Models for Addressing HIV/AIDS and Behavioral Health at the National Council Conference, due to her expertise in HIV, Hepatitis and behavioral health integration. Dalveer continues to build her expertise on integrated behavioral health and primary care models for the underserved populations. Ms. Kaur completed her BA at Nottingham University, and received her Master's Degree in Human Rights Studies, Columbia University in New York City.

Jeanette Waxmonsky, Ph.D.
Director of Research Innovation
Jefferson Center for Mental Health
Denver, CO

Jeanette Waxmonsky is the Director of Research Innovation at Jefferson Center's Office of Healthcare Transformation, a Clinical Associate Professor at the University of Colorado Department of Family Medicine, and a licensed clinical psychologist. Dr. Waxmonsky is a nationally renowned expert on behavioral health – primary care integration and implementation methodologies with 15 years' experience in both academic and healthcare settings. Her clinical and research work focuses on the development and implementation of evidenced based behavioral health interventions and integrated care models for persons with psychiatric illness and medical comorbidities. She is the primary author for the Integrated Practice Assessment Tool (IPAT©) which measures the level of behavioral health – primary care integration. Prior to joining Jefferson Center, Dr. Waxmonsky served the Director of Community Behavioral Health Integration at Colorado Access, a nonprofit health plan that provides access to behavioral and physical health services for Coloradans. Dr. Waxmonsky spent 7 years directing the development, implementation, and evaluation of the Mental Health Center of Denver's bidirectional integrated health home.

Dr. Waxmonsky received her B.A. from Lafayette College, M.A. from the University of Colorado, and Ph.D. in Clinical Psychology from the University of Alabama. She completed a postdoctoral

fellowship in Administration and Public Policy Psychology at the University of Colorado School of Medicine. Through her former employment at both the University of Colorado and Colorado Access, she has had a lead role in securing over \$7 million in grant funding to support integrated care programs and evidence based treatment interventions for medically underserved and minority populations.

Andrea Auxier, Ph.D.
Vice President, Health Plan Sales
New Directions Behavioral Health
Kansas City, MO

Dr. Andrea Auxier a licensed clinical psychologist and VP of Health Plan Sales for New Directions Behavioral Health. Prior to joining New Directions, she was National Director of Integration for Beacon Health Options, where she was responsible for strategic development of integration efforts and for identifying opportunities for integration research and evaluation. She has several publications in peer-reviewed journals and books, and has lectured on integrated care in various forums throughout the country. She is a co-developer of two integration measurement tools, the Integrated Practice Assessment Tool (IPAT)© and the Practice Integration Profile. She is the former Director of Research for Colorado's Health Center Controlled Network and has conducted Bureau of Primary Care operational site visits for more than 30 Federally Qualified Health Centers in the U.S. and Puerto Rico.

Dr. Auxier holds a B.A. from Cornell University, an M.A. from New York University, and an M.A. and Ph.D. from the University of Massachusetts Boston. She completed her postgraduate work at the University of Miami Miller School of Medicine, Department of Psychiatry and Behavioral Sciences. As a native Spanish speaker, she has worked primarily with underserved, multicultural populations, with a focus on those affected by posttraumatic stress.
