Job Descriptions:

Job descriptions are a requirement to ensure the Program staff is congruent with the program needs, including educational needs of the target population. Please see two samples provided.

**SAMPLE JOB DESCRIPTION**

**TITLE:** Diabetes Educator/Professional Diabetes Program Instructor

**REPORTS TO:** DSME/T Program Coordinator

**SUPERVISES:** Non-professional instructional staff

**POSITION OVERVIEW:**

- Provides individualized diabetes self-management education/training to individuals and groups according to the Scope of Practice, Standards of Practice, and Standards of Professional performance for Diabetes Educators (AADE, 2005).

**DUTIES AND RESPONSIBILITIES:**

80% (Instruction of program participants):
- Collects DSME/T program participant assessment data, using the AADE7 framework, in a collaborative and ongoing manner.
- Collaboratively develops educational goals, learning objectives and a plan for educational content and teaching methods with DSME/T program participants.
- Provides educational interventions that utilize primarily interactive, collaborative, skill-based training methods and maximizes the use of interactive training methods.
- Collaboratively develops an individualized follow-up plan with each program participant.
- Evaluates effectiveness of educational services provided by measuring attainment of learning objectives.
- Conducts a follow-up assessment upon completion of DSME/T program services, using outcome measures from the AADE7 Continuum of Outcomes Framework.
- Documents assessment data, educational plan, educational services provided and evaluation results in each participant’s educational records.
- Utilizes a team approach to provide services and collaborates and communicates with team members when needed.
- Identifies when a program participant’s needs are outside the scope of the instructor’s practice and expertise, plus arranges for additional services to meet needs.

20% of the time:
- Participates in the development of training materials.
- Contributes to, and participates in, a continuous quality improvement process to measure DSME/T program and to identify and address opportunities for improvement.
- Appraises his/her performance to identify areas of strength and areas for improvement and to develop a plan for improvement and growth.
• Participates in peer review process to evaluate performance of other professional instructional staff.
• Maintain 15 hours of continuing education annually specific to diabetes, diabetes related topics and behavior change and self-management education strategies.

**KNOWLEDGE, SKILLS AND ABILITIES:**
• In-depth knowledge about current diabetes treatment management.
• Able to lead and effectively manage groups.
• Ability to develop a collaborative, therapeutic alliance with individuals.
• Basic computer skills (use of Internet and e-mail).

**EXPERIENCE/EDUCATION:**
• A healthcare professional who is also a certified diabetes educator, or who is eligible to become a certified diabetes educator.
• Credentialed as a diabetes education specialist or diabetes clinical management specialist preferred.
• Minimum of 6 months experience (preferably more) providing diabetes education and/or 15 contact hours within past year in diabetes and diabetes clinical and educational subjects.
